MINUTES – March 21, 2017

Monroe Town Council Sub-Committee on
Planning & Zoning, Public Works, Parks & Recreation Matters

Attendees: Chairman Kevin Reid, Councilmembers Terry Rooney and Nick Kapoor, AT&T Representatives
Location: Council Chambers, Monroe Town Hall, 7 Fan Hill Road

Call to Order at 6:35 pm

Approval of Minutes:
Motion: N. Kapoor – To Approve Minutes
Second: T. Rooney
Discussion: None
Vote: 3 – 0

Liaison Discussion
P&Z – None
Parks & Rec – None
EDC – EDC is very busy, see attached email from Chairwoman Barb Fahr
Public Works – None
IT & Facilities – None

Old Business
Wolfe Park Fields – K. Reid is in contact with P&R Director Cooper regarding the fields. Mr. Cooper would like to start the fields before having to complete the parking lot because the fields will need at least two seasons to grow and the parking lot can be done much faster. Mr. Cooper and Councilmember Reid will continue to stay in contact and update the committee as events unfold.

New Business
AT&T COW – Two representatives from AT&T gave the history of the COW in the Fawn Hollow parking lot. It was placed there to increase cell service in light of the Sandy Hook tragedy that occurred in December 2012. The town now needs to find a more permanent solution. AT&T intimated that the typography of school campus basically sits in a bowl along with the houses surrounding the area. We were also told that the surrounding residents are "used to" having better cell service since the COW has been in place. They gave K. Reid a PowerPoint presentation to share with the Council. AT&T is doing site work to locate a permanent site at 375 Fan Hill Road. AT&T indicated they would go through all the necessary processes with the town including P&Z, IWC, FS and TAtty, and TC. K. Reid to provide further update.

Public Participation – None

Adjournment:
Motion: T. Rooney – To Adjourn at 7:28 pm
Second: N. Kapoor
Vote: 3 – 0

Respectfully Submitted,
Nicholas D. Kapoor
